

## Description

Reconstruction of Interstate 210 in Los Angeles County (Contract No. 07-2881U4)

Graph 1: 2021 IRI Data

## RESEARCH 2021

IRI readings were collected using the TotalPave<sup>®</sup> technology ([www.totalpave.com](http://www.totalpave.com)). The project was constructed in 2016 and the above measurements were taken in 2021. The purpose of the measurements is to verify the IRI is within acceptable ranges after 5 years of trafficking.
