DID YOU KNOW
Wentworth Woodhouse
is the largest private
house in the UK with
over 300 rooms.

DID YOU KNOW
The UK Government is
currently targeting
225,000 new homes per
year to be built, including
those for private and
social renters.

DID YOU KNOW
Britain's smallest house
is called Quay House in
the Welsh village of Conwy.
It was built in the 16th
century and measures
only 1.8 meters wide.

DID YOU KNOW
All new builds in
England to have
electrical vehicle (EV)
charging points
from 2022.

Madam Tensar

DID YOU KNOW
One wind turbine
can produce enough
electricity to light up
almost 600 homes.

DID YOU KNOW
In 2020, around 29%
of the global energy
came from renewable
technologies.

DID YOU KNOW
There are over
341,000 wind turbines
on the planet spread
across 83 countries.

DID YOU KNOW
Wind turbines are very
complicated machines
that can have as many
as 8,000 different
components.
